## ABOUT ME

Aspiring Full Stack Web Developer with experience in building web applications. Proficient in HTML, CSS, JavaScript, Node.js, and Express.js with a strong interest in developing complete end-to-end web solutions. Enjoys building websites, integrating APIs, and working on real-world projects that solve practical problems. Actively seeking an opportunity to grow as a full stack developer and contribute to impactful products.

---

## TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, JavaScript

**Backend:** Node.js, Express.js

**Database:** MongoDB, Mongoose

**APIs:** REST APIs, Third-party API Integration

**Tools:** Git, GitHub, Postman

---

## PROJECTS

**The Subplot (Live Site: <https://thesubplot.vercel.app> )**

**Tech Stack:** HTML, CSS, JavaScript, Node.js, Express.js, MongoDB

- Developed a full-stack entertainment discovery platform for exploring movies and TV series.
- Enabled users to manage personal watchlists, post reviews, rate content, and interact through a social feed.
- Integrated TMDB APIs to fetch real-time movie and series data, including metadata, trailers, and recommendations.
- Implemented secure JWT-based authentication for user registration, login, and protected actions.
- Built RESTful backend services to manage users, watchlists, reviews, ratings, and social interactions.
- Ensured scalability and production readiness through structured API architecture, error handling, and secure data flow.

## Sports Arena

**Tech Stack:** Django, SQLite, HTML, CSS, JavaScript

- Developed a full-stack web application to manage and participate in local sports events.
  - Allowed users to create their own sports events or join nearby events.
  - Implemented secure user authentication and role-based access control for event organizers.
  - Built real-time participant management with capacity limits.
  - Designed a custom dashboard for organizers to track created events and participants.
- 

## EXPERIENCE

**Web Development Intern at Unified Mentor (Remote)**

**June 2025 – September 2025**

- Contributed to the development of responsive and user-friendly web applications during a 3-month remote internship.
  - Collaborated with mentors and team members to follow best practices in code quality and development workflow.
  - Gained practical experience in building, testing, and deploying real-world web solutions.
  - Improved understanding of the software development lifecycle and team-based development.
- 

## EDUCATION

**Bachelor of Computer Engineering**

LDRP Institute of Technology, Gandhinagar

**Graduation:** 2026

**Diploma in Computer Engineering**

Gyanmanjari College of Diploma Engineering, Bhavnagar

**Graduated:** 2023
